Gentlemen:

An employee of mine, Robert Harvey, brought the enclosed bill from Dr. Lambert, to me today.

This bill was no doubt due for treatment received in Trenton July 13, 1946. The accident was reported to you by this office July 20th 1946. The hospital was also notified that you were our insurance carrier. I do not know why the bill was sent to the injured employee.

I will appreciate you taking care of it as soon as possible, as there has been a terrible delay. It must have been due to a misunderstanding on some ones part. I am sorry if it will mean additional work.

Very Truly Yours
